## GRAFFITI REMOVER TOWELETTES

### GENERAL DESCRIPTION

**MAX SWIPES** Graffiti Remover is one of five "Graffiti Max" products, each custom formulated for specific graffiti removal needs.

**MAX SWIPES** Towelettes is the right choice for the job if it is a "smooth and durable surface" such as the following.

### RECOMMENDED FOR REMOVAL ON

**METALS:** Stainless steel, galvanized, aluminum, brass, copper, anodized aluminum and zinc.

**GLASS:** All types - glazed tiles, ceramic, porcelain, polished stone, such as marble or granite.

**DURABLE PAINTED:** Factory applied baked on paint such as auto, truck, bus, equipment enamels, utility boxes, railcars or similar.

**DURABLE PLASTICS:** Plexiglas, Lexan, fiberglass, polyethylene or polypropylene portable toilets or bathroom partitions, laminated wood. Vinyl seats on buses, trains, subway cars and restaurant booths.

### PRODUCT FEATURES AND BENEFITS

- **Thick Pre-moistened** towelettes for convenience.
- **Fast removals** just a few minutes for most uses.
- **Low odor** with minimal or no ventilation requirement for added safety, indoor or out.
- **Nonflammable**, noncombustible, for added safety in use.

### SAFETY INSTRUCTIONS FOR USE

- Use chemical resistant gloves for repeated or extended use.

### GENERAL INSTRUCTIONS FOR USE

- Should be tested first in an inconspicuous area for effect on any painted or plastic surface for effect.
- Remove **MAX SWIPES** Towelettes from center thru opening. Pull at 90° angle to tear at perforation.
- Ball towelette up and wipe over affected area. For paint, you may have to turn the towelette and repeat process until graffiti is removed.
- After area is cleaned, you may wipe surface with a clean damp cloth to stop remaining cleaning action.

### SPEC'S - GENERAL PROPERTIES
