PANDA

Tech Data Sheet

Panda is a high pH truck wash soap formulated to be the 'polish safe' version of our popular Grizzly soap. Panda works well on road film, bugs, and general greases and oils. It has an excellent foam profile that clings and it easy to rinse. Pairs best with #1 Counterpunch for the ultimate 2 Step clean on polished aluminum.

Benefits

- Clingy foam profile for maximum penetration
- Easy rinsing
- Helps eliminate brushing
- 100% Biodegradable & phosphate free
- Assists in breaking down carbon based soils like oils and greases
- Leaves paint looking glossy when used as a 2nd step in fleet washing

Applications

- 1 Step touchless vehicle wash
- Has degreasing and bug removal properties
- Works well in many water conditions
- Polish safe 2nd Step soap for touchless truck washing
- Strong foaming capability when used with a foam cannon

Precautions

- Consult Safety Data Sheet for further safety information

Note: Cleaning effectiveness is affected by: temperature, concentration, dwell time, water hardness, and soap application pressure. Soap Concentration may be adjusted to compensate for changes in these conditions.
