

TECHNICAL DATA SHEET

LONG LASTING HOT WAX

Long Lasting Hot Wax is an industrial strength biodegradable wax for use on all vehicle surfaces. Long Lasting Hot Wax provides water resistant coating that works on painted surfaces, glass, chrome, rubber, plastic and metal surfaces. This water resistant coating brings out the shine and luster of dull paint while leaving the surface with a clear thin protective coating. Long Lasting Hot Wax can be used as a standalone wax or added to any of our transportation products. When using as a wash/wax combination add one quart per 55-gallons of detergent. Ask about the opportunity to add a fragrance for your needs.

Product Highlights

- ◆ Long Lasting Hot Wax provides protection to all vehicle surfaces with its protective barrier.
- ◆ Slows corrosion and helps minimize the corrosion effect of highway salts.
- ◆ Economical per gallon cost.
- ◆ Designed specifically for pressure washers and car/truck wash installations.
- ◆ Designed for hot or cold washing. Works well in hard or soft water.
- ◆ Fully Biodegradable, Non-Corrosive, Non-Hazardous.
- ◆ Does not carry ingredients that attack the earth's ozone, or contribute to smog.

Physical Description

- ◆ pH 5% Solution = 7.0
- ◆ Specific Gravity = 0.95
- ◆ VOC = 215 g/l
- ◆ Does ship UPS
- ◆ Shelf Life = 2 years
- ◆ Freeze / thaw stable
- ◆ Appearance = Brownish liquid

Application Directions:

As a wax dilute 2000 to 1 as applied. Apply at an average of 6 ounces per car and 12 ounces per SUV or truck. It is best to rinse from the top down.

Available in

5 Gal Pail ◆ 18 Gal ◆ 55 Gal Drum ◆ 275 Gal Tote
