

TECHNICAL DATA SHEET

PLATINUM WASH

Platinum Wash is safe to use on new aluminum and polished aluminum when used as directed. Platinum Wash restores faded and oxidized paint on vehicle surfaces. This product works well as a pre-spray on aluminum, stainless steel, metal, tires and engines. This product also works well on food surfaces, but you must be sure to rinse with potable water after cleaning. Great for cleaning dirt, grime, bug splatter, tar, sap and even brake dust. Recommended for all users. The best cleaning car wash also adds glossy shine for a "just waxed" appearance.

Product Highlights

- ◆ Good for removing greases, pollution, dirt, grime on cars, trucks, buses, polished aluminum and other industrial surfaces.
- ◆ Can be used in automatic car & truck wash systems
- ◆ Great for use as a 2nd step in a two-step transportation cleaning program.
