BELT DRIVE

Add a Hotsy Pressure Washer and Clean Anywhere, Any Place, Anytime.

Heavy-duty chassis is made of durable 10 gauge steel; 2-by-4 inch formed channel design covered with powder-coated wrinkle black finish for weather protection.

Electric brakes with brake-away kit is a standard feature.

Convenient location for mounting optional hose reels on rear frame; holds up to 100 ft. of high-pressure hose and quickly connects to chassis.

Standard high-density white polyethylene **water tank** with 200 gallon capacity features a 7" access port plus a 1" **float valve** and 50-mesh outlet filter.

Optional Rock Guard with wand holder protects the pressure washer, while providing storage.

3-way ball valve allows for the water flow to be diverted from the holding tank to a direct water feed from a hose faucet.

Features 15-inch **white spoke wheel** assembly.

Axle assembly features a leaf-spring suspension under-carriage rated at 3,500 lbs.; DOT approved

Swivel jack trailer tongue assembly is made to handle up to 1,000 lbs. and features a 2-inch ball coupler for quick & easy hook up of the trailer; 5/16-inch chains are included for additional safety

Frame features a license plate holder and recessed lights; all electrical wiring is recessed within the frame

Optional Hose Reel and Mouting Kit

Side Saddle Tool Box

HOTSY TR-3500 TRAILER READY GAS ENGINE HOT WATER PRESSURE WASHERS

Gas Engine Series

This belt drive series offers a broad range of cleaning power. Our 965B, 1075BE and 1080BEK are trailer ready.

1200 Series

Many of the 1200 Series are trailer ready. They deliver some serious on-site, hot water cleaning capability - up to 6 GPM and 4000 PSI.

DETERGENTS

To clean like a pro, you need to include detergents. Hotsy offers a full line of detergents for cleaning grease, dirt, road grime, aluminum, sanitation and so much more. Our detergents help you clean faster and save money.

PARTS & ACCESSORIES

Clean faster and more efficiently with pressure washer accessories like flat surface cleaners and turbo nozzles.

SERVICE

Hotsy factory-trained technicians keep your equipment running with on-site or in shop maintenance and tune-ups. Plus, we repair all brands.

NOTE: We are constantly improving and updating our products. Consequently, pictures, features & specifications in this brochure may differ slightly from current models. Flow rates & pressure ratings may vary due to variances allowed by manufacturers of our machine components. We meet the CETA testing specs for machine performance at +_10% and in some cases are tighter within +_ 5% of listed specifications.

Specifications & product descriptions subject to change without notice. Hotsy's manufacturing facilities have established and apply a quality and environmental management system to be ISO 9001:2008 and ISO 14001:2001 certified.
